

Avon and Somerset Police, Black Rock Quarry Portishead

Welcome to the latest newsletter aimed at keeping you up to date with the construction works at Black Rock Quarry. This newsletter will provide details of key milestones, general progress and information on construction activities and events.

Latest News

Works are progressing well on-site.

Works to the rear of the quarry are near to completion in advance of the area being a no works zone due to the Peregrine Falcons nesting.

Underground Service Work is now the focus externally along with External Timber Clad works.

Internally we are now decorating on the 1st Floor. We have recently installed the lift and are still working within the Ranges.

As you can see from the Branding we have now changed over to Galliford Try.

Community Projects

Regular liaison with local businesses, authorities, schools and colleges within the area has continued during the rebuild. This has included:

- **Gordano School** continuing with the partnership by carrying out employability activities, mock interviews, career days and work experience.
- **Bridgwater College** Site tours have continued with a variety of trades
- **Women in Property** Site tours have continue

DON'T BE A STATISTIC!

Table top developed by PROPs a charitable organisation.

No Works Zone Enforced

Awaiting the news of another successful year for our Peregrine Falcons.

Considerate Constructors Scheme (CCS)

We are an Associate Member of the CCS, a national initiative set up by the construction industry which seeks to improve the image of the industry. Sites and companies which register with the scheme are monitored against a Code of Considerate Practice which is designed to encourage best practice beyond statutory requirements.

To find out more about the Consider Constructors Scheme please visit their website <http://www.ccscheme.org.uk>

**Blue Light Partnership
Corporate Responsibility Plan**

Blue Light Partnership and Avon & Somerset Police Authority are working in collaboration by means of a Corporate Responsibility Plan. The plan aims to deliver real tangible benefits for the local community through employment initiatives and the use of local suppliers and contractors.

ENVIRONMENT

Here at the Black Rock Quarry site, Galliford Try are working with our local partners, wastecycle, to recycle as much of the waste generated from the site as possible. Our target is that **93%** of all waste generated from the site is recycled. We are currently running at a figure of **96%** for the period we have been on site. However, we are always looking for ways to improve our performance and we hope to exceed our target. What are you doing to recycle your waste? Do you have any hints and tips you can share to help us.

Galliford Try in your Community

We want to further support the local community, and recognise that it is not just about the physical act of building. We are committed to adding value to the local area while we are working here.

If we can help support your community group, please contact:

Suzie Ellis
Regional Community Relations Manager
